

IS ASPEN RIDGE PUBLIC SCHOOL RIGHT FOR YOU?

NOW ENROLLING FOR FALL 2021 | GRADES 7-9

3821 N Clark St, Fresno, CA 93726

WE BELIEVE IN OPPORTUNITY

Our mission is to transform the community by developing exceptional leaders.

Our vision as an organization is a greater quality of life in the Fresno area where all families have access to opportunities and contribute to their communities.

Successful Foundation

Aspen Ridge Public School will serve students in grades 7-12, as part of the Aspen Public Schools charter network.

HOW DO WE COMPARE TO TRADITIONAL PUBLIC SCHOOLS?

-  We are a free and public charter school
-  We have smaller class sizes
-  Each student is paired with a mentor adult that meets with them weekly
-  We believe in a personalized pathway for all students
-  We offer dual enrollment opportunities
-  Small community where students feel safe, known, and included

WE PROVIDE RESOURCES

All students will have the opportunity to take advantage of all of our resources.

Dual Enrollment

Students have the opportunity to save time and money by accessing college classes during high school. Read more about this opportunity on the back.

Student Development

Students will practice the Habits of Success, which promote independence and sustainability, perseverance, mindset for self and school, school readiness, and healthy development.

WHY DUAL ENROLLMENT?

We believe that this process can change the trajectory of our students by providing opportunities and resources to those that have been traditionally underserved.

What is Dual Enrollment?

The term dual enrollment refers to students being enrolled in two different educational institutions at the same time, or “concurrently.”

A student enrolled at Aspen Ridge may also be enrolled at our local Fresno City College at the same time. When students pass their college classes, they receive credit that may be applied toward their high school diploma and toward an FCC college degree or certificate.

BENEFITS OF DUAL ENROLLMENT

- ✔ Students have the opportunity to save time and money by accessing college classes during high school
- ✔ Early college experience
- ✔ Receive additional support with high school and college classes
- ✔ Enjoy a small, community-minded environment
- ✔ Relationship building with like-minded peers and adults
- ✔ Get a jumpstart on your future

OUR STUDENTS

Promoting a professional environment

Students will exhibit and take responsibility for professional behavior at all times and locations. They will also maintain a good standing with both Aspen Ridge and Fresno City College at all times both academically and behaviorally.

GOALS FOR OUR STUDENTS

Building leaders of the community

- ✔ Earn a high school diploma
- ✔ Meet A-G requirements for enrollment in a four year college
- ✔ Maximize scholarships, grants and financial aid
- ✔ Develop 21st century skills
- ✔ Earn up to an Associates of Arts/Sciences degree, IGETC certification, college credit, or a career certification
